

TACC

Central Management of HART Field Devices With Emerson AMS Suite

- Central access to HART devices via a PROFIBUS network
- Parallel monitoring of the PROFIBUS network and the connected field devices in combination with TH LINK PROFIBUS
- Easy integration into Emerson AMS Suite

Efficient Use of Field Devices in the Process Industry

- Fast plant commissioning, fast replacement of defective devices
- Simple remote device parameterization
- Comprehensive monitoring of process-critical devices
- Central management of all device parameters
- Automatic creation of plant documentation

Additional Benefit From Integrated PROFIBUS Monitoring

- Use of TH LINK PROFIBUS for simultaneous PROFIBUS diagnostics
- TH LINK PROFIBUS optionally expandable by TH SCOPE diagnostics software

Ease of Use

- Seamless integration into Emerson AMS
- Accessibility of HART devices in familiar tool environment
- Support for wide variety of different network accesses

Technical Data

PROFIBUS Access (Max. 12 Mbit/s)	<ul style="list-style-type: none">• TH LINK PROFIBUS• PBpro USB• PBpro ETH• PBpro PCI• PBpro PCI Express• PBpro CompactPCI• PBpro PC104plus• PROFI104
-------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Supported Remote I/O Stations	See installation manual
-------------------------------	-------------------------

Supported Operating Systems	Windows 7, Windows 10, Windows Server 2012 R2
-----------------------------	-----------------------------------------------

System Requirements	Emerson AMS 11.5, AMS 12.5, AMS 13, AMS 14
---------------------	--------------------------------------------

Scope of Delivery

Software	TACC V 3.21 (by download)
----------	---------------------------

Documentation	Installation Guide, Release Note
---------------	----------------------------------

Additional Products and Services

GEA-JN-003006	TH LINK PROFIBUS
---------------	------------------

DUL-NN-012410	PBpro USB
---------------	-----------

DEL-NN-012311	PBpro ETH, single-channel (different versions)
---------------	------------------------------------------------

PB-PRO1-PCI / PB-PRO1-PCI	PBpro PCI Master/Slave, single-channel
---------------------------	----------------------------------------

PB-PRO1-PCIE / PB-PRO1-PCIE	PBpro PCI Express Master/Slave, single-channel (different versions)
-----------------------------	---------------------------------------------------------------------

PB-PRO1-CPCI	PBpro PROFIBUS CompactPCI interface card
--------------	------------------------------------------

PB-PRO1-PC104+	PBpro PC/104plus card (different versions)
----------------	--------------------------------------------

PB-PC104-MS	PROFI104 Master/Slave (different versions)
-------------	--------------------------------------------
